

NOVA MEDICAL DEVICES LLP

About Us

NovaMedTech is a cardiovascular medical technology company committed to advancing cardiac care through high-quality interventional cardiology devices and consumables. We work closely with hospitals, catheterization laboratories (Cath Labs), healthcare institutions, and clinicians to provide reliable solutions that support safe, precise, and effective cardiovascular procedures.

Our portfolio includes a comprehensive range of interventional cardiology products, including Drug-Eluting Coronary Stents (DES), PTCA Balloon Catheters, Guidewires, Guiding Catheters, Diagnostic Catheters, Introducer Sheaths, Inflation Devices, Hemostasis Valves, Manifolds, Y-Connectors, Contrast Management Accessories, and other Cath Lab consumables.

Mission & Vision

At NovaMedTech, our mission is to strengthen cardiovascular healthcare by providing dependable interventional cardiology devices and consumables that support safe, precise, and effective cardiac procedures.

We are committed to building long-term partnerships with hospitals, catheterization laboratories (Cath Labs), healthcare professionals, and responsive customer service, exceptional business practices, and continuous innovation. By combining reliability, integrity, and clinical excellence, we strive to contribute to better healthcare outcomes and become a trusted partner in advancing cardiovascular care.

VISION

To become one of India's most trusted cardiovascular medical technology companies by delivering innovative, reliable, and high-quality interventional cardiology solutions that empower healthcare professionals and improve patient outcomes.
